Hello,

I am pleased to invite you to participate in the Silent Auction at the Denver School of the Arts' Winter Orchestra Concert on December 8th. The funds raised at the auction will be used to support the Orchestra Programs. The Orchestra Artist in Residence program provides a professional musician for each section of the orchestra to mentor students in small groups on their particular instrument. Many of these artists are local professional musicians and members of the Colorado Symphony Orchestra.

Volunteers will staff the auction, and all funds raised will go directly to the Orchestra's fund for Visiting Artists and traveling competitions. The amount of money raised will directly benefit the students of the orchestra program.

The Denver School of the Arts, a magnet school in the Denver Public School district, offers students extensive arts training along with a traditional and demanding academic curriculum. The school's growing national reputation and multiple awards to the music program testifies to the invaluable resource it has become in our community, and to the success of the educational process at DSA. For more information on DSA, see the school's website at <http://dsa.dpsk12.org>. For more information on our orchestra and to listen to our student's perform, visit <http://www.dsaorchestra.org>.

Thank you again for your support and for your interest in this important program and the dedicated young people it serves. Your generosity is very much appreciated by the students, staff and families of the DSA Orchestra Department.

All donations are tax deductible. The DSA tax-exempt number is 84-6001099.

Thank you Again!
